Merujuk kepada sistem persijilan kemahiran yang dianjurkan oleh Majlis Latihan Vokasional Kebangsaan (MLVK). Data merangkumi calon persendirian dan institusi latihan awam dan swasta tidak termasuk calon yang ditauliahkan melalui sistem pentauliahan. Jumlah calon berkurangan kerana sistem pentauliahan dilaksanakan sepenuhnya pada tahun 1996 dan ujian SKM hanya untuk bidang Ujian Tanpa Musnah sahaja. *Refers to skill certification system administered by the National Vocational Training Council (NVTC). Data include candidates from private and public training institutions, excluding candidates certified under the Accreditation System. The decrease in the number of candidates is due to the full implementation of the accreditation system in the year 1996. SKM is only conducted for Non-Destructive Testing Course.*
